

SNAVELY MISSIONS IN EUROPE SUMMER 2021 NEWSLETTER

During July, we traveled to Paris to meet with Samuel and Pelagie Yeo, Directors of MEISTAD, an African Immigrant church network in Europe, with whom we'll be working in our next term in France. Andréa preached in the two churches Samuel pastors. Above is the church in Aubervilliers, which has two services on Sunday and is reaching many immigrants with their Good Samaritan outreaches that are conducted every week to give out food and clothing to those in need.

These immigrants live on the streets with their children and rely on the goodness of people to give them food. The children were excited to get some freshly baked waffles and cold bottled water.

Good Samaritan Outreach

Millions of immigrants are coming to Europe seeking a new life with greater opportunities, only many find more hardship. Many become marginalized due to language barriers, lack of education and job skills, and ethnic differences.

Darla will assist Pelagie Yeo, the director of MEISTAD's The Good Samaritan, in their weekly distribution of food and clothing to the immigrants who are in such desperate need. Many have come to faith in Christ through these outreaches.

Assemblies of God

Samuel and Pelagie Yeo came to Cergy, France, a northern suburb of Paris, back in 2001 as missionaries from the Ivory Coast Assemblies of God. They planted their first church to reach fellow West-African immigrants and now have over 30 churches throughout Europe made up of believers from over 20 nations. Samuel began training other young men and women in 2008 by starting the European Bible College, at the church he pastors in Cergy, pictured on the left.

It is a French-speaking ministry training center and, as affiliated with Global University, is a fully accredited school. This past year, the school transitioned to online classes due to the pandemic and, as a result, doubled its enrollment from 55 to 110 students. They desire to plant many more churches in the next few years to disciple the immigrants coming to faith in Christ each month. They have asked us to assist them in teaching and in administration for students to move more quickly through their programs of study. We will also be assisting these students in planting new churches in new areas.

New Budget Set for our Next Term in France

Along with these new ministries comes an increased budget. AGWM has set our new budget with an increase of \$4000.00 in additional monthly support, mostly for the higher cost of living in France, and \$51,000 in cash support. Please consider having us at your church or going to our giving page, s1.ag.org/snavelly, to give an offering or set up a recurring payment. We want to thank each of you who make our mission's ministries possible by giving each month. May God bless each of you in every way.
